

DNA Sequencing

a service from

National Institute of Biotechnology

Sequencing Service	Price/Sequencing																									
<ul style="list-style-type: none"><input type="checkbox"/> We are providing DNA sequencing service to researchers<input type="checkbox"/> We employ 4-capillary ABI 3130 genetic analyser from Applied Biosystems®	<table border="1"><thead><tr><th>Sample</th><th>Fee</th></tr></thead><tbody><tr><td>Sequencing of unpurified PCR product</td><td>Tk 2000/=</td></tr><tr><td>Sequencing of purified PCR product</td><td>Tk 1500/=</td></tr></tbody></table>	Sample	Fee	Sequencing of unpurified PCR product	Tk 2000/=	Sequencing of purified PCR product	Tk 1500/=																			
Sample	Fee																									
Sequencing of unpurified PCR product	Tk 2000/=																									
Sequencing of purified PCR product	Tk 1500/=																									
Sample Type	Sample Submission and Result Turnaround																									
PCR product (Purified/Un-purified) with gel image	<ul style="list-style-type: none"><input type="checkbox"/> Sample receiving: Direct submission at NIB or through courier service<input type="checkbox"/> Result delivery: Maximum ten days<input type="checkbox"/> Result delivery method: Via email or CD in AB1, txt or FASTA format																									
Sample Concentration & Quantity	Contact
